

Sector	Agriculture & Allied Activity – Watershed Development
Name of the Project	Watershed Development – Shivarampura 4B3D6Q, 8T, 6R (8053.80 Ha, 15 Microwatershed, 43 Villages)
Proposal submitted by	Department of watershed Development
Total Project Cost	INR 18.02 Cr.
Coverage	Gubbi taluka
Project Duration	5 Years
Project Implementing Agency	Department of Watershed Development
Objective	Comprehensive development of watershed for improving productivity of land, prevent soil erosion etc.
Output	• Trench cum bund – 2289.09 Ha., • Farm Pond – 35 Nos., • Rubble Check/Boulder Check – 135 Nos., • RFD - 95 Nos., • Gokatte – 10 Nos., • Check Dam - 12 Nos., • Nalabund – 32 Nos., • Dry land Horticulture – 550 Ha., • Agro Forestry – 625 Ha., • Livelihood Activity - 26 SHG
Justification	• The project is in the mining affected area and have suffered on account of mining and ore transportation leading to reduced capability of land as well as recharge • It will help in improving the soil and water conservation. • It will also help in improving ground water level • And finally help to improve the socio-economic condition of communities. Therefore, the project is proposed for funding from KMERC under CEP MIZ.
Outcome (Expected Measurable Benefits)	• To recharge ground water table • Regeneration of natural vegetation • Rain water harvesting • Multi cropping & diverse activities – Double cropping – 50%, Animal Husbandry – 10%, Family horticulture – 50% families. • To provide sustainable livelihood • Prevention of soil erosion
